A NEW OFFERING FOR PROPERTY OWNERS

Property Inspection Program

*Full clarity on the condition of your property — delivered by the
team that already manages it.*

1015 N. MARSHALL ST. — PHILADELPHIA, PA 19123

WWW.PENNLIBERTYRE.COM

A LETTER TO OUR OWNERS

A new standard in property care.

The Penn Liberty Property Inspection Program is a premium, opt-in service designed to give you full visibility into the condition of your property — on a schedule you control, without ever having to travel to it yourself.

Whether you live across the city, across the state, or across the country, this program puts a complete, photo-documented condition report in your hands every three to six months. You will know what your property looks like today, what is holding up well, and what should be addressed before it becomes a larger expense.

Every inspection is conducted personally by our office. We walk every room of the property, document its current condition, flag maintenance items early, and provide transparent repair estimates — so you can make informed decisions with real numbers in hand.

This is not a checklist sent over by a contractor. It is a full property review, handled with the same care we bring to managing the unit itself — by the team that already knows it best.

EVERY INSPECTION DELIVERS

A complete picture, every visit.

When you opt into the program, each scheduled inspection produces a full report covering condition, repairs, and recommendations. Here is exactly what you receive.

No. 01

Full Property Checklist

A room-by-room walkthrough documenting the current condition of every space in the property, from kitchens and bathrooms to basements and exterior.

No. 02

Photo Documentation

Photographs of the entire property, captured during the inspection, so you can see what we see. Walls, paint, appliances, fixtures, flooring — all documented and timestamped.

No. 03

Maintenance Findings

Any repair or maintenance issue we observe is flagged before it becomes a larger, more expensive problem. We catch the small things while they are still small.

No. 04

Repair Cost Estimates

Each flagged item comes with a transparent estimate to address it, so you have real numbers in hand when deciding what to approve and when to act.

No. 05

Condition & Paint Notes

Notes on paint, finishes, and the overall presentation of the property — useful for planning turnovers, refreshes, and longer-term capital improvements.

No. 06

Owner-Ready Report

Everything compiled into a single, organized document delivered directly to you. No piecing it together from texts and emails — one clean report, every time.

ROOM BY ROOM

A full property sweep.

Every inspection follows the same structured walkthrough, so reports stay consistent over time and are easy to compare from one visit to the next.

Exterior

No. 01

Roof, gutters, downspouts
Siding, brick, masonry
Windows, screens, trim
Front and rear entries
Yard, fencing, walkways

Kitchen

No. 02

Appliances (stove, fridge, etc.)
Cabinets, counters, sink
Plumbing under sink
Floors, walls, ceiling
Outlets and lighting

Bathrooms

No. 03

Tub, shower, surround
Toilet, sink, vanity
Caulking and grout
Ventilation and lighting
Water pressure and drainage

Living & Bedrooms

No. 04

Walls, paint, ceiling
Flooring condition
Windows and locks
Doors and closets
Smoke and CO detectors

Mechanical

No. 05

Heating system
Hot water heater
Electrical panel
Visible plumbing lines

Basement & Utility

No. 06

Signs of moisture or leaks
Foundation visual check
Sump pump (if present)
Storage and access points
General cleanliness

Tenant & Occupancy

No. 07

Overall cleanliness of unit
Compliance with lease terms
Unauthorized alterations
Pet presence (if applicable)
Reported vs. observed issues

Safety & Compliance

No. 08

Smoke and CO detector function
Egress and locks
Visible code concerns
Rental license posting
Fire extinguisher (where required)

TRANSPARENT PRICING

Simple, flat-rate inspections.

Pricing is straightforward and per-inspection. You choose how often inspections are performed — every three months for hands-on portfolios, or every six months for a lighter cadence.

PER VISIT

Unit Inspection

\$55

PER UNIT

Ideal for apartments, duplex units, and individual rental units within multi-unit buildings.

PER VISIT

House Inspection

\$75

PER HOUSE

For single-family homes and full-property houses, where the walkthrough covers the entire structure, top to bottom.

FREQUENCY

Inspections recur on a schedule of every 3 to 6 months, based on your preference at enrollment. You can adjust the cadence at any time with written notice.

BILLING

Inspection fees are deducted from the monthly owner statement in the month the inspection is performed. No surprise charges, no separate invoicing.

REPAIRS ARE SEPARATE

The inspection fee covers the walkthrough and report only. Any repairs you approve based on our findings are quoted and billed separately, exactly as they are today.

JOINING THE PROGRAM

Three steps to opt in.

Enrollment is intentionally simple. Once you decide to join, we handle the scheduling, the inspection, and the reporting from there.

*i.***Confirm Enrollment**

Let our office know in writing that you would like to enroll, and whether you prefer a 3-month or 6-month cadence.

*ii.***We Schedule**

We coordinate access with the tenant, perform the walkthrough, and document every room in person.

*iii.***Report Delivered**

Your full inspection report — checklist, photos, findings, and estimates — is delivered directly to you.

ENROLLMENT IS ONE CLICK AWAY

Visit our Owners page to enroll in the Inspection Program.
